How do I change my password?

There are two ways to change your password on MV.

If you are unable to login and you forgot your password, you can click "I Forgot Password" at the login screen to send a password reset email to the email attached to your account:

The image shows a login interface for ManyVids. At the top, it says "Login to ManyVids". Below this is a button with the Google logo and the text "Continue as a Member with Google". Underneath is a horizontal line with the word "or" in the center. Below the line are two input fields: the first is labeled "Username or Email" and the second is for a password, indicated by dots and a toggle icon. Below the password field is a purple "LOGIN" button. Under the login button is a link that says "Forgot Username or Password?". Below that is a link that says "Don't have an account?". At the bottom of the login section is a blue button that says "CREATE YOUR FREE ACCOUNT". At the very bottom of the interface, there is a dark grey box with white text that reads: "The option to reset your password is available under the Login button."

To change your password while logged in:

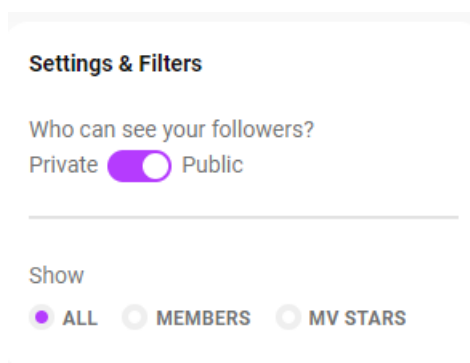

1. Go to your drop-down menu
2. Security Center
3. Click 'View' next to "Change Password"
4. Enter your current password, then your new password twice
5. Click save and you will be logged out of your account and you can now login again using the new password.

When creating a password for your account we recommend using a strong password that contains at least 1 uppercase letter, 1 lowercase letter, a number and a special character.

How do I hide my followers?

If you want to make your followers private or public, you can toggle the settings to your preference from your [Followers page](#). See below:

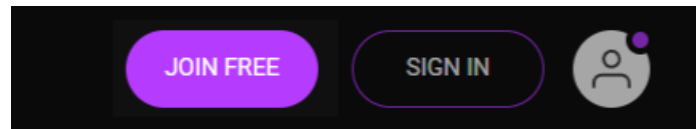

The image shows a settings panel titled "Settings & Filters". Under the heading "Who can see your followers?", there is a toggle switch. The "Private" option is selected, indicated by a purple circle, and the "Public" option is unselected, indicated by a white circle. Below this, under the heading "Show", there are three radio button options: "ALL" (selected with a purple circle), "MEMBERS" (unselected with a white circle), and "MV STARS" (unselected with a white circle).

You can do the same for who you are following by hitting the <Following> sub-tab and hitting the same switch.

[Member] Can I change my stage name on ManyVids?

You can change your stage name by following these steps:

1. Click the drop-down menu
2. Settings
3. Click 'View' next to the 'Account' section
4. Type in your new name in the box next to "Display Name"
5. Enter your password in the "Current Password" field
